WORK EXPERIENCE

Grras Solution Pvt. Ltd

January- 2024

MERN - STACK - Intern

- During my internship as a MERN Stack Development Intern at Grras Solution, I gained hands-on experience in building modern web applications using the MERN stack. This opportunity allowed me to apply my theoretical knowledge in a practical setting, contributing to real-world projects and collaborating with experienced developers.

WeberCodes Technology

Aug 2023

Web-developer - Intern

- During my internship as a React.js Development Intern at Webercodes, I acquired hands-on experience in front-end web development and dynamic website creation.

PROJECTS

Personal Portfolio Website | mihir-portfolio-mp.vercel.app

- A standard portfolio website was created using HTML, CSS, and JavaScript.

Real-Time Crypto Exchange Website | crypto-exchange-delta.vercel.app

- A real-time cryptocurrency exchange website was developed for trading purposes, displaying live cryptocurrency prices using React.js.

E-Commerce Website |

- An e-commerce platform for an interior store was developed using MERN-Stack technology.

ACHIEVEMENT

- Attended a 7-Day Bootcamp focused on JavaScript with React.js in Devtown, organized in collaboration with the Google Developer Group.
- I participated in a Smart Home Automation event at the national-level technical event, PRAKARSH-22, held in Vasad.
